## OBJECTIVE

---

Motivated web developer with hands-on experience in Angular and ASP.NET, seeking to leverage my coding skills and problem-solving abilities to contribute to innovative projects in a dynamic team environment. Eager to enhance my technical expertise while delivering high-quality software solutions.

## EDUCATION

---

**Bachelor of Computer Application**, Pune University 2021 - 2024  
**HSC Science**, Pune University 2019 - 2021

## SKILLS

---

**Technical Skills** ASP.NET, Angular, SQL Server, HTML/CSS, Bootstrap, JavaScript, Python, C-Sharp  
**Soft Skills** Communication, Teamwork, Problem-Solving, Creativity, Adaptability, Time Management

## EXPERIENCE

---

**IT Intern** Jul 2024 - Jan 2024  
Fibre2Fashion *Ahmadabad, India*

- Developed and maintained an Inquiry Management System using ASP.NET and C-Sharp, achieving a 100% improvement in response time for user inquiries.
- Collaborated in the design and implementation of a News Portal using Angular, enhancing user engagement with a modern interface.
- Wrote efficient SQL queries for data retrieval and management, optimizing database performance.

## PROJECTS

---

**Inquiry Management System.** Developed a comprehensive web application designed to streamline the handling of user inquiries. The system enables administrators to access and manage inquiries efficiently, enhancing overall response effectiveness. Utilized ASP.NET for the backend framework, C-Sharp for server-side logic, SQL for database management, and Angular for the frontend interface. ([Try it here](#))

**News Portal.** Developed a dynamic news portal designed to deliver real-time updates and articles to users. The platform allows users to easily access news content while enabling administrators to manage articles efficiently. This project is integrated with the Inquiry Management System, allowing admins to add and manage news articles directly from the same interface. Utilized ASP.NET MVC for the backend framework, C-Sharp for server-side logic, and SQL for database management.

**Gym Management System.** Developed a comprehensive Gym Management System designed to showcase gym offers, provide information about facilities, trainers, and enable users to manage their memberships. The admin dashboard allows gym administrators to track payment histories, monitor membership status, and manage overall operations efficiently.

## EXTRA-CURRICULAR ACTIVITIES

---

- Actively write and update code on [GitHub](#) profile, contributing to various projects and collaborating on open-source initiatives. This involvement helps me refine my programming skills and stay current with industry trends.
- Assisted in organizing the annual college fest, coordinating with teams to plan events, manage logistics, and promote participation. This experience enhanced my leadership, teamwork, and event management skills while fostering a sense of community among students.
